

Find the Date in Arboretum History

Start by going to “Find a Feature” [here](#). Key in the name of each feature listed below in the “Refine Your Search” window, then click on the feature to see the year it was created or restored. Write the year next to the feature. Then, find and circle each year in the number puzzle. Years go across, down, or diagonally.

Two Lines by George Rickey

Extra credit: What does *Two Lines* make you think of? On the back of this page write down your thoughts.
